**GST** (except for wine) calculation is based on the formula:

$\text{GST} = \text{Value of Taxable Importation (VoTI)} \times 10\%$

$\text{VoTI} = \text{Customs value plus Customs duty plus the amount paid or payable for the international transport of the goods and to insure the goods for transport.}$

For wine, wine tax (**WET**) needs to be calculated before GST.

$\text{WET} = \text{Value of Taxable Importation (VoTI)} \times 29\%$

GST for wine is 10% of (VoTI plus WET). Both WET and GST are payable.
